

## **Australia and New Zealand Testing Board [ANZTB]**

### **Associate Board Membership**

Are you passionate about your testing profession? Do you want to have the opportunity to enhance your career prospective and contribute to the trends in the industry? Then you are the person we are looking for.

Do you believe you have what it takes to become the next ANZTB Associate Board member? Do you have some capacity and the time to commit to delivery deadlines?

The ANZTB [[www.anztb.org](http://www.anztb.org)] is run by a Board of 9 volunteers and a varying number of Associate Board members across Australia and New Zealand. The workload is significant as we manage the creation, administration and delivery of all ISTQB based exams [both paper-based and e-exams] as well as accreditation of associated training courses in our region. This is on top of the work we do in the testing community by way of SIGiST meetings and conferences.

The Board and the General Manager put in significant effort to support ANZTB but we would appreciate more help.

Are you interested in contributing to the range of tasks which are always changing? There is constant activity around writing and reviewing our exam questions, organising local SIGiST meetings and creating marketing & social media material. It's a great way to donate your time and energy to the local testing industry, network with other like-minded testers and be recognised as committed to your profession.

If you are interested or want to speak to someone in more depth about how you can become involved and help, then please contact ANZTB at [info@anztb.org](mailto:info@anztb.org) with 'Associate Board Member Enquiry' in the subject line and we'll get in touch. We will be there to support you and you will get your very own mentor to guide you in these activities.
