

Press Release 1st August 2020

ANZTB and iSQI announce a new Partnership for ISTQB Exam Delivery

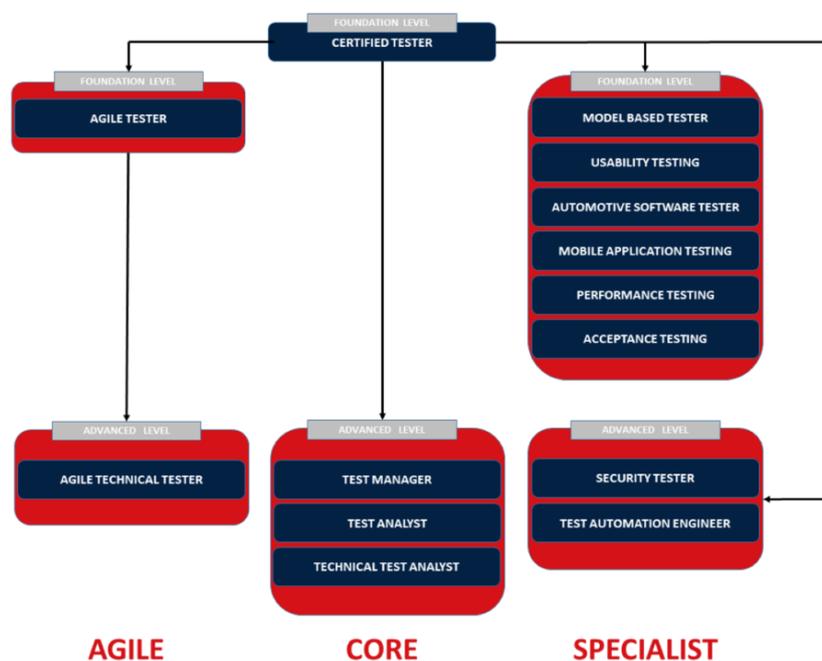

The Australian and New Zealand Testing Board (ANZTB) have responded to local customer demands and our predicted testing and quality trends by partnering with the International Software Quality Institute (iSQI) to deliver examination and certification for the ISTQB® Certified Tester Scheme.

From 1st August 2020, iSQI will deliver an extensive portfolio of ISTQB® examinations on behalf of the Board to both training providers and individuals. Examinations will be available via paper and on-line delivery channels, including at Pearson VUE test centres and remote proctor (as approved by ISTQB®).

David Hayman, President of the ANZTB said, “We [the ANZTB Board] anticipate multiple benefits for the testing community in Australia and New Zealand through this partnership with iSQI. Through this arrangement ANZTB will ensure continued delivery of the highest quality examination and certification services. The Board will focus on raising awareness of the economic and risk management benefits that professional software testing and quality practices offer”. The Board will continue to provide accreditation of training providers and manage the ISTQB® Partner Programme as well as promoting ISTQB® Certified Testers at events.

Stephan Goericke, CEO for iSQI said, “iSQI are totally committed to this partnership with ANZTB. We will ensure that exam delivery is aligned to the highest standards in terms of choice and service. The Board’s role in understanding the education and skills needs from both testing professionals and employers remains paramount and we are delighted to be able to support them in every way we can.”

The certification exams that will be available from iSQI will be:

Benefits for the Australia and New Zealand Testing Community

- An extended portfolio of ISTQB® examinations options to match local demand

- Collaboration opportunities to showcase local talent
- Increased options to take ISTQB® exams authorised by ANZTB
- Access to international experts through forums such as webinars
- iSQI is an internationally recognised brand – a positive for the test professional’s CV worldwide.
- iSQI are certified to ISO17024 and ISO9001 assuring employers, individuals, and training providers of the highest standards.

About ANZTB:

Our Vision

To promote testing and quality professionalism, supporting career growth and elevating the importance of testing and quality management practices.

Our Mission

ANZTB was constituted in Sydney in August 2005 as a non-profit organisation and a member of the International Software Testing Qualifications Board (ISTQB®). It is the regional body representing and assisting software testing professionals in Australia and New Zealand.

The Board is comprised of local experienced professionals in software testing and quality engineering who volunteer their time to the development, maintenance and promotion of the ISTQB® Certified Tester.

The ANZTB offers:

- Accreditation and on-going audit of training providers to supply courses which meet the ISTQB® syllabi.
- Facilitation of certification of individuals according to ISTQB® criteria.
- Promotion of test engineering and management as a career path for IT professionals throughout Australasia.
- Enablement of access to both local and international experts to share their knowledge through organised events.
